VIRTUAL LAUNCH & B-2-B OPENING

17-19
NOVEMBER
2020

MARITIME LAS PALMAS VIRTUAL LAUNCH AND OPENING OF BUSINESS-TO-BUSINESS MEETING PLATFORM

The Las Palmas Port Foundation and PROEXCA, the export and inward investment agency of the Canary Islands Government, cordially invite you to join maritime clusters from the Canary Islands, Scandinavia, United Kingdom, Germany, Greece, Belgium, Netherlands and other key maritime nations at the free-to-attend **Virtual Launch of Maritime Week Las Palmas – Supplying Ships in the Atlantic, on 17, 18 and 19 November.**

The B-2-B event will last three days to enable and encourage active participation and to allow sufficient time for all delegates to maximise the benefits of this exclusive opportunity; enabling direct conversation and one-to-one meetings between delegates through a dedicated in-built business networking platform.

Companies wishing to engage in the B-2-B process are invited to showcase their companies, products and services via a virtual exhibition which allows them to include videos, photographs and any documentation needed to help them promote themselves. But it also allows delegates to arrange video and audio calls with fellow delegates and to chat online.

The Virtual Launch is free for all attendees. For those looking to join the virtual exhibition, virtual stands cost just £100 to book, giving you the showcase for your company while allowing all the other delegates to come and meet you.

The Virtual Launch will set the stage for the live on-site event in Las Palmas, which is now rescheduled to March 2021 as a result of COVID-19. This B-2-B virtual event provides the perfect opportunity for delegates to identify people and companies with whom they would like to engage online, prior to meeting in person in Las Palmas in March 2021.
